

product preview gs1126

wall**shoulders**™
the solution to your x-ray garment storage

CHALLENGES

- A storage system that can store one pair of x-ray protective gloves (gs1126) and one protective x-ray garment (ws3130) while providing full shoulder support.
- Reducing the stress and breakdown of the slanted style apron shoulders when stored on straight bar style racks.
- Wall mounted storage systems that pull out of the wall after minimal use.
- Inadequate mounting footprint and mounting hardware.
- Hard to clean metal spot welds, chipping paint that exposes bare metal where bacteria can grow.
- Un-attractive design limits mounting locations when a warm / comfortable / visual environment is desired.
- Flimsy hangers that are awkward to access and return the protective garment.
- A glove storage (gs1126) that can be installed piggyback with the protective apron storage (ws3130) or installed separately as a glove only storage.

SOLUTION

- wall**shoulders**™ by DeBroeck Company; with our unique patent pending design and DuPont™ Corian® raw material, we are proud to bring you the next generation of x-ray garment storage solutions for the healthcare industry.

BENEFITS

- Our gs1126 provides easy access to retrieve or return protective gloves even while the protective apron is in storage.
- wall**shoulders**™ gs1126 is designed specifically for the storage of *x-ray protective gloves*. It is recommended to install the gs1126 piggyback to our ws3130, providing a complete storage system for 1 X-ray Apron & 1 Pair of Protective Gloves.
- The gs1126 can also be installed separately in a different location if required or preferred
- The four DuPont™ Corian® colors available will accent any rooms design.
- Every wall**shoulders**™ is manufactured using the highest quality DuPont™ Corian® raw material, the same material used in healthcare facilities around the world.
- DuPont™ Corian® is non porous and is resistant to bacteria and staining, it is ideal for use in a bacteria intense environment.
- wall**shoulders**™ gs1126 can also be installed with any of our other wallshoulders series garment hangers.

DuPont™ Corian® is...
the perfect surface for healthcare
